Corkcomfort Glue-down HPS

Printing date: 04-03-2008

Reviewed on: 05-03-2009

1. Identification of Substance

Product details:

Trade name: Corkcomfort Glue-down HPS

Article number: Several

Application of the substance / preparation: Floor covering

Manufacturer/Supplier:

Amorim Revestimentos, S.A.

Rua do Ribeirinho, 202, P.O. Box 13

4536-907 S. Paio de Oleiros

Portugal

Phone: +351-227475600

Fax: +351-227475604

E-mail: marketing.ar@amorim.com

Informing department: Product Management

Emergency information:

Portugal: Centro Informação Anti - Venenos – CIAV, Te.: 808250143

International: INFOTRAC, Tel.: +1 352 323 3500

2. Composition / Data on components:

Chemical characterization

Description: floor covering with a cork agglomerated core layer made of cork granules and an acrylic formaldehyde free binder, a genuine cork veneer, a transparent Polyvinyl Chloride wear layer, a top coat of an acrylic nano beads based lacquer and an opaque Polyvinyl Chloride underlay. The elements are glued together using a PVA waterbased adhesive. The cork veneer can be painted using a Polyurethane waterbased ink.

Dangerous components: Not applicable

Additional information: Not applicable

3. Hazardous identification:

Hazard designation: Not applicable

Information pertaining to particular dangers for man and environment

Not applicable

Classification system

Not applicable

4. First aid measures

General information: No special measures required

After inhalation: No special measures required

After skin contact: No special measures required

After eye contact: No special measures required

After swallowing: No special measures required

5. Fire fighting measures

Suitable extinguishing agents: Spraying water or a ABC powder fire extinguisher

Protective equipment: No special measures required

6. Accidental release measures

Person-related safety precautions: No special measures required

Measures for environmental protection: No special measures required

Measure for cleaning/collecting: No special measures required

Additional information: Not applicable

7. Handling and storage

Handling: No special measures required

Information for safe handling: No special measures required

Information about protection against explosions and fires: No special measures required

Storage

Requirements to be met by storerooms and containers: No special measures required

Information about storage in one common facility: Not required

Further information about storage conditions: Store cartons in laying position

8. Exposure controls and personal protection

Additional information about design of technical systems: Not applicable

Components with critical values that require monitoring at the workplace: No special measures required

Additional information: Not applicable

Personal protective equipment: No special measures required

General protective and hygienic measures: No special measures required

Breathing equipment: No special measures required

Protection of hands: No special measures required

Material of gloves: No special measures required

Penetration time of glove material: No special measures required

Eye protection: Use of goggles when cutting the boards

9. Physical and chemical properties

General information

Form: Solid

Colour: Depending on product ref.

Smell: Characteristic

Change in condition

Melting point/Melting range: Not applicable

Boiling point/Boiling range: Not applicable

Flash point: Not applicable

Self-inflammability: Not applicable

Danger of explosion: Product is not explosive

Density at 20°C: Not applicable

Solubility in / Miscibility with water: Not applicable

pH-value at 20°C: Not applicable

10. Stability and reactivity

Thermal decomposition / conditions to be avoided: Not applicable

Dangerous reactions: Not applicable

Dangerous products of composition: Not applicable

11. Toxicological information

Acute toxicity

Primary irritant effect:

On the skin: No irritant effect

On the eye: No irritant effect

Sensitization: No sensitizing effect

Additional toxicological information:

The product is not subject to classification according to the calculation method of the General EC Classification Guidelines for Preparations as issued in the latest version:

When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

12. Ecological information
